Meeting of the Corn Exchange.

A meeting of the Alexandria Corn and Produce Exchange was held at the rooms of the Association, at 10 o'clock this morning. Capt. M. Eldridge, President, in the Chair, and Geo. R. Shinn, Secretary.

The President stated that the object of the meeting was to hear the report of the committee appointed October 11, to ascertain the wants of the sufferers by the late fire in the Valley of Virginia, and to distribute the funds collected for their relief.

The committee, consisting of Messrs. B. H. Lambert, Geo. H. Robinson and F. A. Reed, submitted the following report:

Your committee to whom was entrusted the distribution of the funds contributed for the relief of the sufferers by the late fire in the Valley of Virginia, have the honor to report that with a view to the efficient and economical distribution of the same, they determined to visit the scenes of this terrible disaster, and ascertain, as far as they were able, the extent of the suffering, and what means, if any, had been taken to relieve it.

The first point visited was Front Royal. Here, although there was no regular organization, yet the people seemed fully alive to the exigencies of the situation, and were doing individually what they could to relieve the suffering around them. The reception of your committee was most cordial, and the efforts they had made, were, we assure you, greatly appreciated. Several of the leading citizens, among whom were Messrs. W. M. Buck, Judge Turner, and others, were appointed a committee to co-operate with your committee at that point.

They then proceeded on to the committee to Harrisonburg, and two to Newmarket, and thence to Luray, in the Page Valley. At Harrisonburg we found, as at Front Royal, no organized effort, but at our suggestion a committee was appointed to take charge of the suffering in the section from the Shenandoah Iron Works up to that portion to which Harrisonburg is the most convenient point of distribution. Committee of Distribution at Harrisonburg: Samuel Shacklett, L. W. Gambrell and J. H. Bartlett.

At Luray we met with Dr. Smoot and Mr. Grayson, and arranged with them to have an efficient committee on Monday next, their Court day. We found that at this point \$300 had been received from Baltimore and distributed. We left at each of the points named \$100 to supply immediate necessities. The wants of the people are great; in most instances those who need help at all need everything; they are entirely and utterly destitute of household utensils of all kinds, beds and bedding, turntable clothing. Let no one be deterred from contributing because they have only old articles to give, for we assure you that you can give nothing, no matter how dilapidated and worn, that will not be thankfully received by some poor creature who has lost all.

The section to which your committee limited their observations and inquiries is from Port Republic to Riverton, and we assure you, gentlemen, that words fail to describe or pen to portray a title of the distress which has fallen upon these poor people; and we call upon you to use your influence and all the contributions in clothing and other articles.

The committee as appointed by us will be glad to receive contributions in money or clothing from any persons or organizations, and will faithfully distribute the same.

All which we respectfully submit.

H. H. LAMBERT,
 GEO. H. ROBINSON,
 F. A. REED, Committee.

On motion the report was received and ordered to be published in the Alexandria Gazette.

The committee appointed to solicit subscriptions for the relief of the sufferers made a partial report through their Chairman, George Y. Worthington, esq., who stated that about \$1,300 had thus far been subscribed in addition to sundry articles of furniture, &c.

Messrs. Reed and Lambert related many instances of destitution which they had been called upon to witness during their visit to the Valley, and made an earnest appeal for renewed exertions on the part of the Committee on Collections.

The Association suspended further business to enable its members to attend the funeral of Thos. A. Waters, esq.

Messrs. Geo. Y. Worthington, George C. Wedderburn, J. Thos. Backham, George R. Shinn, Geo. R. Hill, Jno. T. Creighton, R. M. Lawson and W. B. Price, the committee appointed to solicit subscriptions, appeal to the citizens to send any thing that can be used by the sufferers—old clothes, shoes, cooking utensils, knives and forks, spoons, tables, chairs, &c., &c., all of which would be gratefully accepted. Contributions may be sent to the Pioneer Mills, foot of Duke street, or will be collected by any member of the committee, if notified. It is to be hoped that their appeal will meet with a liberal response.

Organization and Conference of District School Boards.—At the request of the Superintendent of Public Schools for this county, the newly appointed Trustees of Free Schools for the city districts met at his office, 177 Prince street, last night, to confer as to the organization of the new school system. There were present: from Snowden District, Messrs. Burke and Entwistle; from Custis District, Mr. Kell; from Hallowell District, Messrs. Addison, Witmer and J. S. Beach; and from Washington District, Messrs. S. F. Beach, Blackburn and Whittlesey. The last named gentleman, being a Justice of the Peace, administered the oath of office to the others, having, himself, previously qualified before Justice Janney. The Hallowell District Board then organized by electing A. E. Addison, Chairman, and John S. Beach, Clerk; and the Washington District Board, by electing S. Ferguson Beach, Chairman, and Oscar C. Whittlesey, Clerk. The Snowden and Custis District Boards will organize to-day, some of their members being too unwell to leave the house at night.

A full and free conference then took place between the Superintendent and the Trustees, the result of which was the unanimously expressed determination of the latter to employ colored teachers for colored schools, if possible, and a preference for one or two graded schools for each color in the city, rather than separate district schools.

The Custis District Board was organized

this morning, by electing Henry B. Whittington, Chairman and Arthur C. Kell, Clerk.

ROBBERY.—The grocery store of Mr. J. R. Summers, at the canal locks, was burglariously entered last night and robbed of about ninety pounds of tobacco, 7 or 800 cigars, an overcoat, a dress coat, a vest containing \$3, and a pair of boots. Mr. Summers was asleep in an apartment partitioned off from the store room, and the entrance of the thieves was effected through the window of this apartment, two bolts of which were prised off with an iron bar, which they left behind them. The clothes stolen were those worn by Mr. S., and he had to send to town this morning for others before he could make his appearance.

DEEPENING THE CHANNEL.—The work of deepening and widening the channel of the Potomac river, from Annapolis Island to the Long Bridge, under the recent act of Congress will be commenced early in November. The contractor, Mr. Dodge, has gone to Ohio to procure steam dredges for executing the work, and scows are being constructed in which to remove the deposits taken from the river channel. It is expected the work will be completed by the first of next February.

WARRANTS SERVED.—Deputy Sheriff Kerby of Fairfax County has served warrants of arrest upon twenty-eight citizens of Falls Church township, Fairfax county, for refusing to work upon the Telegraph Road, in Mount Vernon township of the same county. The arrested parties say they can not be compelled to work roads out of their own township.

May, of this place, for implementation for covering corn, thrashing machine and horse power, garden plow and corn shelter; to Herbert Bryant, of this place, for straw and hay cutter; to Wm. H. THE CHAIN BRIDGE.—The Chain bridge is now almost a ruin, two of the spans injured by the late freshet having fallen on Thursday afternoon—one over the river and that over the canal—making altogether six spans which will have to be replaced.

PROPERTY SALE.—Messrs. Beck, Knox & Kerby, real estate agents, sold to-day the house and lot on the northwest corner of Prince and Alfred streets, the property of the Mill's heirs, to W. L. Padgett, for \$750.

GOOD FOR WEAK EYES.—No part of the human organization has received more careful study than the delicately constructed optical apparatus on which depends all the delights of vision. In spite, however, of minute dissections, and the most painful research, but little had been accomplished in supplying the defects of nature in the visual organ until very recently. Fine spectacles have been in use for many years, but in most instances they were but poor substitutes for real eyes. It was reserved for Dr. Morris Bernald, the renowned oculist, to discover and introduce into common use, the Australian Crystal glass and Brazilian Pebble spectacles, which enable the near sighted or the aged to see with the quick and clear perception of the eagle eye of youth.

Dr. B. can be consulted daily at his office.—No. 152 Masonic House.

TELEGRAPH NEWS.

[SPECIAL DISPATCHES TO THE GAZETTE.]

FOREIGN NEWS.

TOURS, Oct. 21.—Evening.—Nothing official is published from the army of the Loire, and we are kept equally in the dark as to the march of the Prussians.

There is a rumor that the French have attacked Orleans, where the enemy, it is said, left a garrison not strong in numbers but well supplied with artillery.

The journals here have been urging the government to make a serious effort to recapture the city.

Keraty, recalled from Madrid, arrived here to-day. The newspapers say he is to have an important military command. He did brilliant service in Mexico while in command of forces organized to oppose guerrillas.

A number of the volunteers from the U. S. who arrived on the steamer Ville de Paris received their arms and uniforms to-day. They are to be employed as francs tireurs to operate in the rear of the Prussian armies, cutting railways and burning forage.

Official advice from Paris to the 18th show that the resolution of the defenders of the capital is unshaken.

The work on the fortifications on all sides of the city has been completed.

The French have taken the positions at Vitry, Villejuif, Cochon, Issy, Surcuses, Puteaux, Courbevoie, Asnieres, Puteaux, Stains, La Cour, and Nogent Sur Marne, and hold also the bridge of Joinville and the Island of Geveilles.

The forts are armed with 2140 guns manned by 13000 men. In the magazines there are 100,000 kilograms of powder, and each gun has a supply of 500 balls. The manufacture of rifled cannon, mitrailleuse, chassapots, cartridges, and other munitions continues with great activity; and the supply of provisions is ample. The authorities of Paris have suppressed female military organizations which were forming.

Inhabitants of Chateau Neuf, who went to ask a Prussian General for delay in the payment of a large sum of money which had been levied on the place, were assured that the General had no knowledge of such a requisition.

A balloon left Tours on the 17th instant for Paris.

ROME, Oct. 21.—The Pope has formally suspended the session of the Ecumenical Council, owing to the sacred invasion which might prevent the freedom of action of the Pope and the Fathers. The Jubilee proclaimed in honor of the Council, however, is not suspended.

LONDON, Oct. 22.—Late Wednesday evening word reached London, Ireland, that the steamship Cambria, Capt. Carrahan, of the Anchor Line, which left New York on the 8th inst., for Glasgow, had been wrecked off the coast of Donegal. Information was brought to that city by the only survivor, John McGarrland, a steamer passenger by the ill-fated vessel.

The intelligence was at first disbelieved, notwithstanding the vessel was overdue; but it has since been confirmed by a multitude of telegrams to the agents of the press and the friends of the passengers.

Sudden Death and Suicide.
STAUNTON, VA., Oct. 22.—Mr. Nichols, of Bath county, left home and went to Moore county. He left his wife in good health, but returned and found her a corpse. He started for Millboro' to Waynesboro' to look for her this morning. Just this side of "Pond Gap" he went down on the rear end of the ladies' coach and shot himself through the head. The train ran some distance before they missed him. Upon returning they found him almost dead. They brought him to Waynesboro', at which place he died. It is supposed he committed suicide from grief for the loss of his wife.

Senator Cameron.
HARRISBURG, PA., Oct. 22.—There is no foundation for the report that Senator Cameron has been stricken with paralysis. He is up and in his usual health this morning. He had an acute chill yesterday in Baltimore, and from the care shown by his friends in making him comfortable on his way home probably arose the rumor telegraphed all over the country yesterday.

The Markets.
BALTIMORE, Oct. 22.—Cotton quiet and steady at 15 1/2. Flour steady and in improved demand at yesterday's figures. Wheat steady; Maryland amber 165 1/2; good to prime 140 1/2; common to fair 120 1/2; Western 133 1/2. Corn dull; white 70 1/2; yellow 75 1/2; mixed Western 70 1/2. Oats 45 1/2. Rye dull 75 1/2.

POLICE REPORT.—Robberies near the canal basin are now reported to be of nightly occurrence. All the load from three canal boats was stolen last night.

Some of the unfinished dresses stolen from the house of Miss Piles a night or two ago were returned to that lady yesterday by Robert Williams, colored, who found them in an alley near his house.

The noisy conduct of some of the young men who congregate at the postoffice corner every night is so disagreeable to the employees of the postoffice that the closing of the vestibule of the office until the mail is opened has almost been determined upon, but the prompt action of the police will probably prevent such an inconvenience.

A colored man named Howard Ball, a hand employed upon the vessel of Capt. John Gray, deserted on Thursday, carrying off with him \$112, part of the proceeds of a cargo of wood.

MAYOR'S OFFICE.—Fanny Blackwell, on complaint of Elizabeth Gray, both colored, for disorderly conduct, was fined and discharged.

Mary Ellen, Georgiana and Julia Whittier, colored, for stealing wood from the wood yard of Mr. Thomas Linnon, on the wharf, were discharged with an admonition, as the sufferer did not choose to prosecute them.

LOUISIANA.—A colored man, committed to jail for further examination.

MAGISTRATES' OFFICE.—I. Rammel, discharged by the Court, re-arrested on a bench warrant upon the charge of firing a house, examined before Justices Bell and Beach, was held in the sum of \$1,000 security, for his appearance at 10 o'clock next Thursday morning.

NIGHT REPORT.—Night clear and cold. There were no disturbances in any quarter of the city, and the streets preserved their usual quietness.
